- Improved writing skills, critical thinking, and creative expression.
- Fostered a culture of appreciation and gratitude toward teachers.
- Promoted student engagement in co-curricular and literary activities, balancing academics with personality development.

## PO & PSO MAPPING JUSTIFICATION

PO / PSO	Justification
PO6 – The Engineer and Society	Students recognized the societal value of teachers and education in national development.
PO8 – Ethics	The essay promoted values like respect, gratitude, and ethical recognition of one’s mentors.
PO9 – Individual and Team Work	Organizing and participating students collaborated effectively under faculty guidance.
PO10 Communication	– Enhanced written communication skills essential for professional and academic expression.
PO12 – Life-Long Learning	Reflected on lifelong influence of teachers and importance of continuous learning and mentorship.
PSO1 / PSO2	Though not directly technical, these reflections contribute to a student’s holistic development, indirectly benefiting analytical clarity and purpose in engineering study.

## CONCLUSION

The Essay Writing Competition, organized as part of the Teacher’s Day celebration by the EEE Department and NSS Unit, was a thoughtful and engaging event. It gave students an opportunity to express heartfelt tributes to their teachers and reflect on the larger purpose of education. The event not only celebrated the spirit of Teacher’s Day but also reinforced the values of gratitude, respect, and intellectual growth, essential for every engineering graduate.
